

ABOUT PICT

Pune Institute of Computer Technology (PICT) is an elite academic institute located in Pune, “The Oxford of the East.” Since its establishment in 1983, PICT has been revolutionizing the education sector by nurturing skilled and industry-ready engineers. PICT is committed to providing value-based, quality education in Information and Communication Technology (ICT). The institute continually strives to achieve higher levels of technical excellence through its undergraduate (UG) programmes in Computer Engineering (CE), Electronics & Telecommunication Engineering (E&TE), Information Technology (IT), Electronics and Computer Engineering (ECE), and Artificial Intelligence & Data Science (AI&DS).

Its postgraduate (PG) programmes in Computer Engineering, Data Science and Electronics & Communication (Wireless Communication Technology) foster a high-quality research environment and encourage innovation in emerging technological domains.

ABOUT AI&DS DEPARTMENT

The Bachelor Degree Programme in Artificial Intelligence & Data Science (AI & DS) started in the academic year 2023-2024 with an intake capacity of 60. The department of AI & DS has been established with the vision to impart and strengthen core as well as technological knowledge base in all dimensions of this emerging area.

Bridging computing fundamentals with emerging technologies, the department ensures professional excellence through interactive workshops and practical application. This experimental methodology builds industry-relevant skills, empowering graduates to lead as AI-integrated professionals in any modern sector.

Sponsored by
**AICTE Training and Learning (ATAL)
Faculty Development Programme**

“Applied AI: Emerging Trends, Tools, and Societal Applications”

Dates:

5th October 2026 to 10th October 2026

Society for Computer Technology & Research's
**Pune Institute of Computer
Technology**

(An Autonomous Institute Affiliated to Savitribai
Phule Pune University)

Approved by AICTE Government of Maharashtra,
Accredited by NAAC (A+) & NBA
[All eligible UG Programs].

AICTE Training & Learning (ATAL) Academy

The main objectives of the ATAL Academy are:

- To plan and help in imparting quality technical education in the country.
- To support technical institutions in fostering research, innovation and entrepreneurship through training in various emerging areas.
- To stress upon empowering technical teachers, technicians using Information & Communication Technology.
- To provide a variety of opportunities for training and exchange of experiences Such as workshops, Orientations, learning communities, peer mentoring and other faculty development programmes.
- To support policy makers for incorporating training as per requirements.

E-Certificate will be awarded subject to a minimum of 80% attendance and successful completion of the assignments and capstone project.

MODE OF CONDUCT

Mode: Offline

Pune Institute of Computer Technology,
Survey No. 27, Near Trimurti Chowk
Dhankawadi, Pune - 411043

- Instructor-led real-time technical demonstrations.
- Direct practical implementation of AI tools..
- Project-based learning with continuous guidance and industry-relevant scenarios

PREAMBLE

The Faculty Development Programme (FDP) on Applied Artificial Intelligence aims to equip educators, researchers, and industry professionals with practical insights into the rapidly evolving landscape of AI/ML tools. This program addresses the need to enhance knowledge regarding AI-driven problem-solving techniques, data preprocessing, and modeling. By focusing on hands-on applications—including Computer Vision, Data Science, and Predictive Analysis.

ELIGIBILITY

- Open to faculty from AICTE-approved institutions, PG/research scholars, and industry professionals.
- Number of participants is limited to 50. There is no course fee.
- Selection of the participants will be based on the first come first serve basis.
- TA to external participants will be provided as per AICTE ATAL guidelines.
- Attendance for sessions is mandatory as per AICTE ATAL guidelines. Exam will be conducted for certification.

Registration:

Registration is free of cost has to be done only through

<https://atalacademy.aicte-india.org/signups>

CHIEF PATRON

Hon. Shri. R. S. Kothavale
Managing Trustee, SCTR, Pune

Shri. S. M. Sirsikar
Secretary, SCTR, Pune

PATRON

Dr. P. T. Kulkarni
Director, PICT

Dr. S. T. Gandhe
Principal, PICT

CONVENER

Dr. Shweta Dharmadhikari
HoD-AI&DS, PICT

COORDINATOR

Ms. Deepa Mane
Assistant Professor-AI&DS, PICT

ORGANIZING COMMITTEE

Ms. A. A. Deshpande

Mrs. M. V. Raut

Mrs. T. S. Mulla

Ms. D. S. Chechani

Mrs. B. S. Kulkarni

Mrs. A. A. Kadam

Mrs. Deepika Kumari

OBJECTIVES

- To understand emerging trends in Applied AI.
- To bridge the gap between theory and practice by focusing on real-world AI applications across domains such as healthcare, education, agriculture, and smart cities.
- To equip faculty with hands-on skills in modern AI tools and frameworks.
- To explore responsible and ethical AI practices, including fairness, transparency, and data privacy.

OUTCOMES

Upon successful completion, participants will be able to:

- Explain key concepts and trends in Applied AI, including Generative AI and Agentic systems.
- Identify suitable AI techniques and tools for solving domain-specific real-world problems.
- Develop and implement basic AI models using contemporary frameworks and platforms.
- Apply AI tools for data analysis, prediction, and automation tasks in practical scenario.
- Evaluate AI systems based on performance, ethical considerations, and societal impact.
